DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 2, 5, 6, and 12 are rejected under 35 U.S.C. 102(b) as being anticipated by Sato et al (US 2002/0059947).

Sato et al teach an apparatus as claimed. See entire document, especially Figures 1, 3, 4, 5, 6, 7 and the related description and parts [0036] and [0072].

3. Claims 1, 2, 4-6 and 8-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Okuda et al et al (US 2002/0035762).

Okuda et al teach a method and apparatus as claimed. See entire document, especially Figures 3, 15-20, 23, 25, 33, 39, 43, 92 and 93 and the related description and parts [0148]-[0159], [0295], [0325], [0523].

Response to Arguments

4. Applicant's arguments filed 02/08/06 have been fully considered but they are not persuasive.

The applicants argue that the applied art does not disclose or suggests the specific structures disclosed in the present application. The applicants further discuss the structures presented on Figures 1, 3, and 4.

This is not persuasive because the pending claims are not limited to what is disclosed on Figures. Whether or not the prior art teaches what is disclosed on the Figures is not relevant to the rejections made, because the claims are not commensurate in scope with the Figures. The applied prior art teaches what is claimed.

The rejection over Ohmi et al has been withdrawn in view of the amendment made. New rejection over previously cited Okuda et al has been added. Okuda et al teach all claimed nozzles, including ultrasonic nozzles. Okuda et al also teach the claimed method steps.

The rejection made in the previous Office action under 35 USC 112 (1) has been withdrawn in view of the amendment made.
